NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

Effective Date of Notice: October 1, 2018

This Notice pertains to the medical, dental, vision and COBRA administration benefits sponsored by the **Southern California Painting and Drywall Industries Trust Funds** (hereafter referred to as the "Plan".)

Protected Health Information (PHI) use and disclosure by the Plan is regulated by a federal law known as HIPAA (the Health Insurance Portability and Accountability Act). You may find these rules at 45 *Code of Federal Regulations* Parts 160 and 164. The Plan intends to comply with these regulations. This Notice attempts to summarize the regulations. The regulations will supersede any discrepancy between the information in this Notice and the regulations.

The Plan is required by law to take reasonable steps to ensure the privacy of your personally identifiable health information and to inform you about:

1. the Plan's uses and disclosures of PHI;
2. your privacy rights with respect to your PHI;
3. the Plan's duties with respect to your PHI;
4. your right to file a complaint with the Plan and to the Secretary of the U.S. Department of Health and Human Services; and
5. the person or office to contact for further information about the Plan's privacy practices.

The term "Protected Health Information" (PHI) includes all individually identifiable health information transmitted or maintained by the Plan, regardless of form (oral, written, electronic). The Plan Sponsor has amended its Plan Documents to protect your PHI as required by federal law.

The Plan reserves the right to amend this Notice of Privacy Practices at any time in the future and to make the new Notice provisions effective for all health information that it maintains. We will revise our Notice and distribute it to you whenever we make material changes to the Notice. Until such time the Plan is required by law to comply with the current version of this Notice.

Section 1. Notice of PHI Uses and Disclosures

Required PHI Uses and Disclosures

Upon your request, the Plan is required to give you access to your PHI in order to inspect and copy it.

Use and disclosure of your PHI may be required by the Secretary of the Department of Health and Human Services to investigate or determine the Plan's compliance with the privacy regulations.

Uses and disclosures to carry out treatment, payment and health care operations.

The Plan and its business associates (a person or entity that performs certain functions or activities that involve the use or disclosure of protected health information on behalf of, or provides services to, a covered entity) will use PHI without your authorization or opportunity to agree or object to carry out treatment, payment and health care operations. The Plan, its business associates and any health insurers providing benefits to the Plan participants may also disclose the following to the Plan's Board of Trustees: (1) PHI for purposes related to Plan administration (payment and health care operations); (2) summary health information for purposes of health or stop loss insurance underwriting or for purposes of modifying the Plan; and (3) enrollment information (whether an individual is eligible for benefits under the Plan). The Trustees have amended the Plan to protect your PHI as required by federal law.

Uses and disclosures that require that you be given an opportunity to agree or disagree prior to the use or release.

Disclosure of your PHI to family members, other relatives and your close personal friends is allowed if:

1. the information is directly relevant to the family member or friend's involvement with your care or payment for that care; and
2. you have either agreed to the disclosure or have been given an opportunity to object and have not objected.

If you are not capable of agreeing or objecting to these disclosures because of an emergency situation, the Plan will disclose PHI (as the Plan determines) in your best interest. After the emergency, the Plan will give you the opportunity to object to future disclosures to family and friends.

Uses and disclosures for which your consent, authorization or opportunity to object is not required.

The Plan is allowed to use and disclose your PHI without your authorization under the following circumstances:

- (1) For treatment, payment and health care operations.
- (2) Enrollment information can be provided to the Trustees.
- (3) Summary health information can be provided to the Trustees for the purposes designated above.
- (4) When required by law.
- (5) When permitted for purposes of public health activities, including, when necessary, to report product defects and to permit product recalls. PHI may also be disclosed if you have been exposed to a communicable disease or are at risk of spreading a disease or condition, if required by law.
- (6) When required by law to report information about abuse, neglect or domestic violence to public authorities if there exists a reasonable belief that you may be a victim of abuse, neglect or domestic violence. In such case, the Plan will promptly inform you that such a disclosure has been or will be made unless that notice would cause a risk of serious harm. For the purpose of reporting child abuse or neglect, it is not necessary to inform the minor that such a disclosure has been or will be made. Disclosure may generally be made to the minor's parents or other representatives although there may be circumstances under federal or state law when the parents or other representatives may not be given access to the minor's PHI.

- (7) The Plan may disclose your PHI to a public health oversight agency for oversight activities required by law. This includes uses or disclosures in civil, administrative or criminal investigations; inspections; licensure or disciplinary actions (for example, to investigate complaints against providers); and other activities necessary for appropriate oversight of government benefit programs (for example, to investigate Medicare or Medicaid fraud).
- (8) The Plan may disclose your PHI when required for judicial or administrative proceedings. For example, your PHI may be disclosed in response to a subpoena or discovery request provided certain conditions are met.
- (9) When required for law enforcement purposes, including for the purpose of identifying or locating a suspect, fugitive, material witness or missing person. Also, when disclosing information about an individual who is or is suspected to be a victim of a crime but only if the individual agrees to the disclosure or the Plan is unable to obtain the individual's agreement because of emergency circumstances. Furthermore, the law enforcement official must represent that the information is not intended to be used against the individual, the immediate law enforcement activity would be materially and adversely affected by waiting to obtain the individual's agreement and disclosure is in the best interest of the individual as determined by the exercise of the Plan's best judgment.
- (10) When required to be given to a coroner or medical examiner for the purpose of identifying a deceased person, determining a cause of death or other duties as authorized by law. Also, disclosure is permitted to funeral directors, consistent with applicable law, as necessary to carry out their duties with respect to the decedent.
- (11) When consistent with applicable law and standards of ethical conduct if the Plan, in good faith, believes the use or disclosure is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public and the disclosure is to a person reasonably able to prevent or lessen the threat, including the target of the threat.
- (12) When authorized by and to the extent necessary to comply with workers' compensation or other similar programs established by law.

Except as otherwise indicated in this Notice, uses and disclosures will be made only with your written authorization subject to your right to revoke such authorization.

Uses and disclosures that require your written authorization.

The Plan will obtain your authorization before releasing your PHI in those circumstances where the law or the Plan's privacy practices do not otherwise permit disclosure.

Such requests should be made to the Plan's Privacy Official.

Right to Inspect and Copy.

You have a right to inspect and obtain a copy of your PHI contained in a "designated record set," for as long as the Plan maintains the PHI. Right to Amend PHI

You have the right to request the Plan amend your PHI or a record about you in your designated record set for as long as the PHI is maintained in the designated record set.

The Plan has 60 days after the request is made to act on the request. A single 30-day extension is allowed if the Plan is unable to comply with the deadline. If the request is denied in whole or part, the Plan must provide you with a written denial that explains the basis for the denial. You or your personal representative may then submit a written statement disagreeing with the denial and have that statement included with any future disclosures of your PHI.

Such requests should be made to the Plan's Privacy Official.

You or your personal representative will be required to submit a written request stating the reason(s) why you wish to request an amendment of the PHI in your designated record set.

Right to Receive an Accounting of PHI Disclosures

At your request, the Plan will also provide you an accounting of disclosures by the Plan of your PHI during the six years prior to the date of your request. However, such accounting will not include PHI disclosures made: (1) to carry out treatment, payment or health care operations (including to business associates pursuant to a business associate agreement and to the Trustees as authorized by the Plan or the HIPAA privacy regulations); (2) to individuals about their own PHI; (3) pursuant to your authorization; (4) prior to April 14, 2003; and (5) where otherwise permissible under the law and the Plan's privacy practices. In addition, the Plan need not account for certain incidental disclosures.

If the accounting cannot be provided within 60 days, an additional 30 days is allowed if the individual is given a written statement of the reasons for the delay and the date by which the accounting will be provided.

If you request more than one accounting within a 12-month period, the Plan will charge a reasonable, cost-based fee for each subsequent accounting.

Such requests should be made to the Plan's Privacy Official.

The Plan will not retaliate against you in any way for filing a complaint. All complaints must be submitted in writing.

If you would like to have a more detailed explanation of these rights or if you would like to exercise one or more of these rights, contact the Plan's Privacy Official.

A Note About Personal Representatives

You may exercise your rights through a personal representative. Your personal representative will be required to produce evidence of his/her authority to act on your behalf before that person will be given access to your PHI or allowed to take any action for you.

Proof of such authority may take one of the following forms:

1. a power of attorney for health care purposes, notarized by a notary public;
2. a court order of appointment of the person as the conservator or guardian of the individual; or
3. an individual who is the parent of an unemancipated minor child may generally act as the child's personal representative (subject to state law).

Upon completion of the Personal Representative Form which is available through the Plan's Privacy Official.

Section 3. The Plan's Duties

The Plan is required by law to maintain the privacy of PHI and to provide individuals (participants and beneficiaries) with notice of the Plan's legal duties and privacy practices.

The Plan reserves the right to change its privacy practices and to apply the changes to any PHI received or maintained by the Plan. If a privacy practice is changed, a revised version of this Notice will be provided to all participants for whom the Plan still maintains PHI. The revised Notice will be distributed in the same manner as the initial Notice was provided or in any other permissible manner.

If there is a material change to the Plan's policies regarding the uses or disclosures of PHI, the individual's privacy rights, the duties of the Plan or other privacy practices stated in this Notice, the Plan will redistribute the Notice to the named individual.

The plan is required to notify an individual without “unreasonable delay” no later than 60 calendar days of a breach discovery. If a breach affects 500 or more individuals, the plan must report it immediately to HHS (U.S. Dept. of Health and Human Services) as well as the media (paper or television) at the same time of the individual’s notification.

Minimum Necessary Standard

When using or disclosing PHI or when requesting PHI from another covered entity, the Plan will make reasonable efforts not to use, disclose or request more than the minimum amount of PHI necessary to accomplish the intended purpose of the use, disclosure or request, taking into consideration practical and technological limitations.

However, the minimum necessary standard will not apply in the following situations:

1. disclosures to or requests by a health care provider for treatment;
2. uses or disclosures made to the individual;
